Earthen Vessels: Why Our Bodies Matter to Our Faith By Matthew Lee Anderson

Our bodies matter. Christians today sometimes forget this, dangerously ignoring the importance of their physical selves when it comes to technology, sexuality, worship, and even death. Anderson's book will help readers learn what the Bible says about our bodies and grow to appreciate the importance of embodiment in our spiritual lives. It will also explore generational differences when it comes to how we perceive and use our bodies. Just as Christ's body was crucial to our salvation, our own bodies are an important part of the complete Christian life.

Editorial Review

Review

"We evangelicals don't think we care about the body, but we really, really do. And Matthew Anderson--one of the brightest lights in the evangelical world--helps us care, ponder, think and pray more wisely as we give our bodies as a living sacrifice to Christ."

----Mark Galli, Senior Managing Editor, Christianity Today

"Matthew Lee Anderson...is a serious student of God's Word and God's world, and in this book he patiently and insightfully explores a theology of the body from numerous angles...I suspect that many of us will think differently--and more biblically--about the body as a result of this very fine work."

---Justin Taylor, ESV Study Bible

"On nearly every page you can find two virtues rarely combined: surprising new insights and good old common sense. Here is good counsel (solid, soulful, scriptural) about how to be humans, in bodies, under the gospel."

---Fred Sanders, Torrey Honors Institute, Biola University

"This book is for the church who is in the world. It is a truth-balm for a broken culture addicted to body image. Be challenged to forsake your "quasi-gnosticism" and embrace the divine dignity of your body so that you can worship well."

---Darrin Patrick, Lead Pastor at The Journey and author of Church Planter

"Matthew Lee Anderson makes an important contribution to the evangelical dialogue about the role of the human body that is both scholarly and accessible...Christians will learn from this book that the body is important, but that we are not just computers made out of meat."

--- John Mark Reynolds (Ph.D.), Torrey Honors Institute
