## **Editorial Review**

### **Review**

"I love love love MJ Summers. I love her books. I love her men. I love her way with words that go straight to your heart, and here, with her final book in this awesome series, she does it again! Wes and Courtney's story is the kind of love story that will make you struggle with so many emotions while reading it....Hot sex, an SOB of an ex-husband, heart-warming love and an ex-Marine that will make you drool over him - this book has it all!

MJ Summers, being the amazing author that she is, will make you love, hate, get turned on and be heart-broken through the pages of this beautiful story.

Highly recommended!" ~ **Lin Tahel Cohen, From Chicka with Love Book Blog**

5 Exploding Stars!

This book goes beyond words the sensualness that you created was just awe. The final journey was just spectacular in itself. As we say good-bye to these beloved characters that have captured our hearts from there to here the characters will truly remain within us all. Thank you for the love from your heart that was written within this amazement.

To the readers: Sit back and just enjoy the awe." ~ **DawnMarie, Booknuts Review**

"I love this author. Her stories are full of everything we love to read about. In the Break Up, Wes and Courtney's story is full of heartbreak, hurt, hope, heat - and of course love. It is well-written and is easy to become absorbed in the book and the characters. By the time you reach the end, you feel like you've just spent the day with friends." ~ **Penni, Goodreads Reviewer**

"M.J. Summers has written another wonderful book! I love how she writes her characters and their love stories. Wes and Courtney's story will definitely put you through the emotional ringer, but its definitely worth it. Courtney has a rough start in the beginning of this book. Her soon to be ex is a total jack\*\*. Her so called friends aren't any better. Meeting Wes is the best thing that could ever happen to her. Wes is an emotionally scarred Marine, who has many demons that he is fighting. Meeting Courtney is definitely not what he expected. They both learn that you should never judge a book by it's cover. I love books that make me want to reach in and strangle the bad guy, and this book definitely did that. All their trials are worth it in the end though." ~ **Carla, Goodreads Reviewer.**
