**The Rodale Book of Composting: Easy Methods for Every Gardener** From Brand: Rodale Press

The essential guide to composting for all gardeners and environmentally conscious people

Composting is fast becoming a household word. Gardeners know it is the best way to feed the soil, while others look to composting as a way to dispose of grass clippings, autumn leaves, and tree trimmings. *The Rodale Book of Composting* edited by Grace Gershuny and Deborah L. Martin offers:

- \* Easy-to-follow instructions for making and using compost
- \* Helpful tips for apartment dwellers, suburbanites, farmers and community leaders
- \* Ecologically sound solutions to growing waste disposal problems

### Editorial Review

#### From Library Journal

This is an update of Jerry Minnich and others' *The Rodale Guide to Composting* (LJ 5/1/79), which itself updated J.L. Rodale's *Complete Book of Composting* (Rodale Pr., 1960. o.p.). The broad spectrum of information given will be useful from backyard urban gardening on up to industrial, municipal, and farm recycling. The first quarter of the book gives you all you ever wanted to know on the science of composting--and more--along with some history. A discussion of materials, methods, structures, equipment, and uses is followed by a brief look at large-scale composting. The writing is an uneven mix of scientific detail and the anecdotal. Chemical reactions are described in exquisite detail, and yet most quotes, while attributed, are neither dated nor their source given. Stu Campbell and Kathleen Bond Borie's *Let It Rot: The Gardener's Guide to Composting* (LJ 1/91) is more readable and inviting for the individual gardener. While useful for its in-depth, detailed coverage, Rodale's almost-textbook is recommended only for comprehensive gardening collections.

### Users Review

#### From reader reviews:

##### **Elizabeth Hager:**

This *The Rodale Book of Composting: Easy Methods for Every Gardener* is fresh way for you who has

fascination to look for some information since it relief your hunger of knowledge. Getting deeper you in it getting knowledge more you know or else you who still having little digest in reading this The Rodale Book of Composting: Easy Methods for Every Gardener can be the light food for you personally because the information inside this particular book is easy to get by anyone. These books create itself in the form that is certainly reachable by anyone, sure I mean in the e-book web form. People who think that in e-book form make them feel sleepy even dizzy this reserve is the answer. So you cannot find any in reading a reserve especially this one. You can find actually looking for. It should be here for anyone. So , don't miss this! Just read this e-book variety for your better life and also knowledge.

### **Shelly Gomes:**

That book can make you to feel relax. This specific book The Rodale Book of Composting: Easy Methods for Every Gardener was bright colored and of course has pictures on there. As we know that book The Rodale Book of Composting: Easy Methods for Every Gardener has many kinds or category. Start from kids until teens. For example Naruto or Private eye Conan you can read and think you are the character on there. Therefore not at all of book are usually make you bored, any it makes you feel happy, fun and loosen up. Try to choose the best book for yourself and try to like reading that.

### **David Bostick:**

As a university student exactly feel bored to be able to reading. If their teacher expected them to go to the library or to make summary for some guide, they are complained. Just very little students that has reading's internal or real their passion. They just do what the professor want, like asked to the library. They go to at this time there but nothing reading really. Any students feel that looking at is not important, boring along with can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this The Rodale Book of Composting: Easy Methods for Every Gardener can make you really feel more interested to read.

### **Marion Richey:**

What is your hobby? Have you heard in which question when you got college students? We believe that that issue was given by teacher with their students. Many kinds of hobby, Every individual has different hobby. And you know that little person similar to reading or as studying become their hobby. You need to understand that reading is very important along with book as to be the matter. Book is important thing to incorporate you knowledge, except your own teacher or lecturer. You get good news or update with regards to something by book. Amount types of books that can you decide to try be your object. One of them is actually The Rodale Book of Composting: Easy Methods for Every Gardener.
