**J is for Judgement (A Kinsey Millhone Mystery, Book 10)** By Sue Grafton

"J" is for Jaffe: Wendell Jaffe, dead these past five years. Or so it seemed until his former insurance agent spotted him in the bar of a dusty little resort halfway between Cabo San Lucas and La Paz.

*"In truth, the facts about Wendell Jaffe had nothing to do with my family history, but murder is seldom tidy and no one ever said revelations operate in a straight line. It was my investigation into the dead man's past that triggered the inquiry into my own, and in the end the two stories became difficult to separate."*

Five years ago, when Jaffe's thirty-five-foot Fuji ketch was found drifting off the Baja coast, it seemed a sure thing he'd gone overboard. The note he left behind admitted he was flat broke, his business bankrupt, his real estate gambit nothing but a huge Ponzi scheme about to collapse, with criminal indictment certain to follow. When the authorities soon after descended on his banks and his books, there was nothing left: Jaffe had stripped the lot.

*"Given my insatiable curiosity and my natural inclination to poke my nose in where it doesn't belong, it was odd to realize how little attention I'd paid to my own past. I'd simply accepted what I was told, constructing my personal mythology on the flimsiest of facts."*

But Jaffe wasn't quite without assets. There was the \$500,000 life insurance policy made out to his wife and underwritten by California Fidelity. With no corpse to prove death, however, the insurance company was in no hurry to pay the claim. Dana Jaffe had to wait out the statutory five years until her missing husband could be declared legally dead. Just two months before Wendell Jaffe was sighted in that dusty resort bar, California Fidelity finally paid in full. Now they wanted the truth. And they were willing to hire Kinsey Millhone to dig it up.

As Kinsey pushes deeper into the mystery surrounding Wendell Jaffe's pseudocide, she explores her own past, discovering that in family matters as in crime, sometimes it's better to reserve judgment.

"J" is for judgment: the kind we're quick to make and often quicker to regret.

*"J" Is for Judgment:* Kinsey Millhone's tenth excursion into the dark places of the heart where duplicity is the governing rule and murder the too-frequent result.

**Editorial Review**

From Publishers Weekly

In her 10th alphabet adventure, southern California PI Kinsey Millhone is working again for California Fidelity, navigating her way through a plot-driven tale that will remind readers of her earliest appearances, despite Grafton's deft introduction of new material. Shady financier Wendell Jaffe has recently been decreed dead, five years after his real estate empire collapsed and he disappeared from his beloved 35-foot ketch off the coast, an apparent suicide. California Fidelity has just paid his widow \$500,000. But then Jaffe is spotted in Mexico with another woman. Kinsey's investigation lands her in some tough spots--such as a drunken stranger's hotel room where she pretends to be a hooker--gets her shot at and leads to a dramatic resolution at sea. It also introduces her to a genealogist who requires Kinsey to revise her notion of herself as an orphan alone in the world. While maintaining full control of her plot's variously colored threads, many of which are tied to Jaffe's family (his 18-year-old son is on the lam from a murder charge), Grafton cameos such familiar characters as Kinsey's octogenarian landlord Henry, his older brother William, and Rose, the neighborhood bar owner. But the spotlight remains on Kinsey who, without a love interest to distract her, sticks to the case at hand and tries, with limited success, to assimilate the existence of a not too distant family, whom readers will likely learn more of in "K." 500,000 first printing; major ad/promo; Literary Guild selection; author tour. From Kirkus Reviews

Private investigator Kinsey Millhone, the author's tough, tenacious, California-based heroine, has taken on a freelance job for her ex-employer, California Fidelity Insurance. One of their agents, on vacation in a small Mexican hotel, is sure he recognized Wendell Jaffe, a hotshot businessman who'd vanished from his boat at sea years before, leaving behind a suicide note, a clutch of cheated investors, a penniless wife, two young sons, and a partner, Carl Eckert, who wound up in jail. Five years later, just a few months ago, with Jaffe now officially dead, wife Dana had collected a half million from Fidelity. They'd like it back.... Kinsey flies to Mexico and finds her quarry, who's now living with a woman named Renata and is calling himself Dean DeWitt Huff--and who disappears again almost at once. Kinsey's certain the recent widely reported criminal acts of his son Brian have pulled Jaffe back to the US. In California, Kinsey's on the trail again--talking to Dana, to Carl Eckert, now out of jail, to police detectives involved in the original investigation, and to Renata, who, it turns out, owns a waterfront house near Kinsey's home base of Santa Teresa. Even as she chases clues in the present, chunks of Kinsey's own family history intrude, threatening her hard-won loner persona. Jaffe surfaces for the last time in the slightly hokey finale. A tangled, rambling story that's constantly in motion but generates little passion, heat, or tension. Solidly readable but minus the compelling edge of Grafton's best.
