### **Amulet Series by Kazu Kibuishi, Books 1 Thru 5: The Stonekeeper; The Stonekeeper's Curse; The Cloud Searchers; The Last Council; Prince of the Elves (Set of 5 Books) By Kazu Kibuishi**

Kibuishi, the creator of the action-packed Daisy Kutter series, sets his sights on a slightly younger crowd here. This first volume in the new Amulet graphic novel series introduces Emily, who has relocated to a strange house in the woods, where she finds a magical amulet left behind by her great grandfather. Soon after, she and her brother engage in a wild adventure to learn the secrets of the amulet and save their mother. Emily is a high-spirited heroine as you are likely to find, and, propelled by uncluttered visuals, her action-packed adventure sequences move at an exciting clip. However, there are also dark elements in the tale—the gut-wrenching opening in which Emily loses her father in a car accident, the autumnal tones of the animation-like art, and the ambiguous agenda of the amulet itself. Part fantasy (anthropomorphized animals, elves) and part manga (transforming robots, tentacled monsters), this volume has much to appeal to readers, though they may be in for a more emotionally complex read than expected. Set is Paperback and books 1-5 in series
