### LOVE BETWEEN THE LINES

Romance has never had a happy ending for librarian Penny Callahan, who could write the book on cheating, heartbreaking liars. So she's made a resolution: no men for the next twelve months. If she can just get through the library's New Year's Eve singles night, she can return home to her pajamas and a good book. But when she finds herself checking out a hot patron with an irresistible smile, an evening in the stacks becomes a lot more tempting...

Reclusive author Jack Williamson never should have trusted his mother. Even though he's trying to avoid being recognized, she guilts him into attending a dating meet-and-greet--where an adorable librarian makes him question his lonely lifestyle. Is this just a fleeting, flirty scene? Or could love be the next chapter for them both?

**"Love is never out of reach for the librarians of the Nice County Library System...Sarah's charm and humor are perfectly suited to a beach read."**

## Editorial Review

Review

**"This was a fun little novella, breezy and sexy. I really enjoyed Dade's humor and writing style."**

**--Immersed in Books on Broken Resolutions**

**"What a fun premise! To take a shy, reserved librarian and make her responsible for a singles night planned by her much more adventurous (and way less reserved!) co-worker is a recipe for laughs and they abound here in this sexy romantic novella. ... I liked how the story evolved and Jack's patience and perseverance in trying to prove to her that he's worth breaking her resolution for. Very enjoyable, and I'm looking forward to the next in the series!" --Straight Shootin' Book Reviews on Broken Resolutions**

About the Author

While I was growing up, my mother kept a stack of books hidden in her closet. She told me I couldn't read them. So, naturally, whenever she left me alone for any length of time, I took them out and flipped through them. Those books raised quite a few questions in my prepubescent brain. Namely: 1) Why were there so many pirates? 2) Where did all the throbbing come from? 3) What was a "manhood"? 4) And why did the hero and heroine seem overcome by images of waves and fireworks every few pages, especially after an episode of mysterious throbbing in the hero's manhood?

Thirty or so years later, I have a few answers. 1) Because my mom apparently fancied pirates at that time. Now she hoards romances involving cowboys and babies. If a book cover features a shirtless man in a Stetson cradling an infant, her ovaries basically explode and her credit card emerges. 2) His manhood. Also, her womanhood. 3) It's his "hard length," sometimes compared in terms of rigidity to iron. 4) Because explaining how an orgasm feels can prove difficult. Or maybe the couples all had sex on New Year's Eve at Cancun.

During those thirty years, I accomplished a few things. I graduated from Wake Forest University and earned my M.A. in American History from the University of Wisconsin-Madison. I worked at a variety of jobs that required me to bury my bawdiness and potty mouth under a demure exterior: costumed interpreter at Colonial Williamsburg, high school teacher, and librarian. But I always, always read romances. Funny, filthy, sweet--it didn't matter. I loved them all.

Now I'm writing my own romances with the encouragement of my husband and daughter. I have my own stack of books in my closet that I'd rather my daughter not read, at least not for a few years. I can swear

whenever I want, except around said daughter. And I get to spend all day writing about love and iron-hard lengths.

So thank you, Mom, for perving so hard on pirates during my childhood. I owe you.
