Ladybugs By Gail Gibbons

Ladybugs are a type of beetle. They live on six of the seven continents.

There are believed to be about 5,000 different kinds of ladybugs around the world. Here are descriptions of their characteristics, their four stages of development from egg to adult, and how they live.

Ladybugs eat insects that damage plants and are an important part of our environment.

Editorial Review

Review

"This simply written, clearly organized, thoroughly researched and exceptionally illustrated volume should be a first purchase for most libraries."

"Bright and informative."

About the Author

Gail Gibbons "has taught more preschoolers and early readers about the world than any other children's writer-illustrator," according to The Washington Post. Winner of the 2010 Regina Medal, she has written and illustrated more than fifty books for Holiday House. She lives in Corinth, Vermont.

Users Review

From reader reviews:

Dolores Watkins:

Do you among people who can't read pleasant if the sentence chained from the straightway, hold on guys this particular aren't like that. This Ladybugs book is readable by means of you who hate those straight word style. You will find the details here are arrange for enjoyable looking at experience without leaving possibly decrease the knowledge that want to give to you. The writer associated with Ladybugs content conveys thinking easily to understand by many people. The printed and e-book are not different in the information but it just different such as it. So , do you nonetheless thinking Ladybugs is not loveable to be your top list reading book?

Gregory Throop:

Nowadays reading books are more than want or need but also become a life style. This reading addiction give you lot of advantages. The huge benefits you got of course the knowledge the particular information inside the book that improve your knowledge and information. The details you get based on what kind of e-book you read, if you want send more knowledge just go with training books but if you want really feel happy read one along with theme for entertaining for instance comic or novel. The particular Ladybugs is kind of guide which is giving the reader capricious experience.

Roxanne Pineda:

Ladybugs can be one of your starter books that are good idea. We recommend that straight away because this e-book has good vocabulary that could increase your knowledge in vocabulary, easy to understand, bit

entertaining but nevertheless delivering the information. The article author giving his/her effort to set every word into joy arrangement in writing Ladybugs nevertheless doesn't forget the main stage, giving the reader the hottest in addition to based confirm resource data that maybe you can be certainly one of it. This great information can draw you into brand-new stage of crucial contemplating.

Mary Ponce:

Reading a book make you to get more knowledge as a result. You can take knowledge and information originating from a book. Book is created or printed or descriptive from each source which filled update of news. In this particular modern era like right now, many ways to get information are available for anyone. From media social like newspaper, magazines, science guide, encyclopedia, reference book, novel and comic. You can add your knowledge by that book. Ready to spend your spare time to open your book?
