### Editorial Review

From School Library Journal

Kindergarten-Grade 3 Donnelly gives simple details about how King Tutankhamen was buried and the ancient Egyptians beliefs about death. The story then skips ahead to the 1800s, when Howard Carter's frustrating five-year search for Egyptian treasure finally resulted in his discovery of the young pharaoh's tomb. Although there's little new information here, these true tales of mummies and ancient treasure in an easy-reader format should prove popular. Ventura and Ceserani's *In Search of Tutankhamum* (Silver Burdett, 1985) provides a more detailed account of Carter's struggles, and its illustrations are superior to the standard textbook drawings found here. But it's nice to see photos of the Egyptian finds included in this book, which will help readers share the excitement that Carter must have felt when his dream of finding an ancient tomb finally came true.
