APhA's Immunization Handbook, 3e By Lauren B. Angelo

This handbook provides practical and timely updates for pharmacists and pharmacy staff who are involved in pharmacy-based immunization services. Updated throughout, the 20 chapters present a step-by-step process for developing and implementing immunization services.

KEY FEATURES:

- Guidelines, tips, and resources for building and sustaining a successful immunization practice and increasing vaccination rates
- Practical advice for pharmacists, pharmacy managers and owners, pharmacy technicians, and student pharmacists involved in vaccine administration
- Details on service implementation, including workflow models and standing orders
- Business management guidance ranging from marketing the service to getting paid for the service
- Vaccine safety and adverse event management
- A new chapter dedicated to vaccine recommendations for immunocompromised and high-risk patients
- Complete product information on most of the vaccines licensed in the United States
- Compact size for portability to other clinics and sites
