Branch's Elements of Shipping By Alan Edward Branch, Michael Robarts

Since it was first published in 1964, *Elements of Shipping* has become established as a market leader. Now in its ninth edition, *Branch's Elements of Shipping*, renamed in memory of Alan Branch, has been updated throughout and revised to take in the many changes that have occurred in the shipping industry in recent years, including the impact of the economic crisis, the Panama Canal expansion and new legislation. All tables and data have been brought up-to-date and many new illustrations have been added.

The book explains in a lucid, professional manner the basic elements of shipping, including operational, commercial, legal, economic, technical, managerial, logistical and financial considerations. It also explores how shipping markets behave and provides an overview of the international shipping industry and seaports. Filling a gap for the discerning reader who wishes to have a complete understanding of all the elements of the global shipping scene together with the interface with seaports, international trade and logistics, it remains essential reading for shipping executives along with students and academics with an interest in the shipping industry.

Editorial Review

Users Review

From reader reviews:

Norman Brown:

What do you ponder on book? It is just for students because they are still students or it for all people in the world, the particular best subject for that? Just simply you can be answered for that question above. Every person has different personality and hobby per other. Don't to be compelled someone or something that they don't desire do that. You must know how great as well as important the book Branch's Elements of Shipping. All type of book are you able to see on many resources. You can look for the internet methods or other social media.

Elizabeth Bello:

What do you about book? It is not important with you? Or just adding material when you really need something to explain what yours problem? How about your extra time? Or are you busy man or woman? If you don't have spare time to accomplish others business, it is gives you the sense of being bored faster. And you have time? What did you do? All people has many questions above. They have to answer that question due to the fact just their can do that. It said that about guide. Book is familiar in each person. Yes, it is proper. Because start from on jardín de infancia until university need this Branch's Elements of Shipping to read.

Daryl Church:

Playing with family in a very park, coming to see the water world or hanging out with friends is thing that usually you might have done when you have spare time, then why you don't try point that really opposite from that. One activity that make you not experience tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love Branch's Elements of Shipping, you can enjoy both. It is very good combination right, you still wish to miss it? What kind of hang-out type is it? Oh can happen its mind hangout people. What? Still don't obtain it, oh come on its named reading friends.

Margaret Conley:

A lot of guide has printed but it differs from the others. You can get it by online on social media. You can choose the top book for you, science, comedy, novel, or whatever through searching from it. It is identified as of book Branch's Elements of Shipping. You can contribute your knowledge by it. Without causing the printed book, it might add your knowledge and make an individual happier to read. It is most important that, you must aware about reserve. It can bring you from one location to other place.
