The material in this calendar/workbook has been specifically intended as an experiential guide to comfortably change your balance of habits of thought to that which will enrich every aspect of your experience.

Begin in any month. The pages are left to be dated by you.

This is a study to do, not a study to simply peruse. It is a study to have fun with in every way that you can imagine.

The pages are the size of two \$100 bills, side-by-side. Tear out a page a day. They are portable. Fold them into your wallet or checkbook, or simply carry them in a pocket. On one side you will find life enriching reminders of some things you may have forgotten and on the other side you can write intentions, ideas, names, numbers. Post them on your mirror, refrigerator, the sun visor of your car.

Carry a seven day segment or a vacation segment with you when you are away from home and then file them for future reference.

The first sides of the pages of compilations form the best of the Abraham teachings. The second side of the pages are designed to accommodate your daily list of things to do. But as the course progresses, you will discover that the pages will be offering processes and techniques to fit the advancing stages of your progression within these materials.

Your only power to create your life is in this moment, and the Abraham-Hicks Planning Calendar is designed to focus the purest of your intentions to your todays, the time in which you have your creative power.

In our estimation, this is the most effective tool available for the practical

application of "The Science of Deliberate Creation". Utilize it to create and to teach others to create, the perfect (by your ever changing standards) adventure in living.
