Godforsaken: Bad Things Happen. Is there a God who cares? Yes. Here's proof. By Dinesh D'Souza

For a lot of people, the biggest question about God is not, surprisingly enough, whether he exists. Instead, it is about whether God is truly good. Dinesh D'Souza, in his debates with leading atheists, quickly realized that many of those debates revolved around the question of evil in this world?how God could create a world that allowed such suffering and evil. In *Godforsaken*, Dinesh D'Souza takes these questions head on: Does God act like a tyrant? Is God really responsible for the evil in this world? Why is there suffering in the world? For the first time ever, Dinesh D'Souza approaches this topic with historical and scientific proof and presents to the reader why God is truly worthy of our worship and love.

Editorial Review

About the Author

In 2010, Dinesh D'Souza was named the president of The King's College, a Christian college located in the Empire State Building in New York City. The mission of The King's College is to transform society by preparing students for careers in which they help to shape and eventually to lead strategic public and private institutions. D'Souza brought to The King's College a distinguished 25-year career as a writer, scholar, and public intellectual. A former policy analyst in the Reagan White House, D'Souza also served as John M. Olin Fellow at the American Enterprise Institute, and the Robert and Karen Rishwain Fellow at the Hoover Institution at Stanford University. Called one of the top young public-policy makers in the country by Investor's Business Daily, D'Souza quickly became known as a major influencer on public policy through his writings. His first book, *Illiberal Education* (1991), publicized the phenomenon of political correctness in America's colleges and universities and became a New York Times bestseller for 15 weeks. It has been listed as one of the most influential books of the 1990s. In 1995, D'Souza published *The End of Racism*, which became one of the most controversial books of the time and another national bestseller. His 1997 book, *Ronald Reagan: How an Ordinary Man Became an Extraordinary Leader*, was the first book to make the case for Reagan's intellectual and political importance. D'Souza's *The Virtue of Prosperity: Finding Values in an Age of Techno Affluence* (2000) explored the social and moral implications of wealth. In 2002, D'Souza published his New York Times bestseller *What's So Great About America*, which was critically acclaimed for its thoughtful patriotism. His 2003 book *Letters to a Young Conservative* has become a handbook for a new generation of young conservatives inspired by D'Souza's style and ideas. *The Enemy at Home* published in 2006, stirred up a furious debate both on the left and the right. It became a national bestseller and was published in paperback in 2008, with a new Afterword by the author responding to his critics. Just as in his early years D'Souza was one of the nation's most articulate spokesmen for a reasoned and thoughtful conservatism, so in recent years he has been an equally brilliant and forceful defender of Christianity. *What's So Great About Christianity* not only intelligently explained the core doctrines of the Christian faith, it also explained how the freedom and prosperity associated with Western Civilization rest upon the foundation of biblical Christianity. *Life After Death: The Evidence* shows why the atheist critique of immortality is irrational and draws the striking conclusion that it is reasonable to believe in life after death. His most recent book *The Roots of Obama's Rage* (Regnery, 2010) has been described as the most influential political book of the year and has proven to be yet another best seller. These books--not to mention a razor-sharp wit and entertaining style--have allowed D'Souza to participate in highly-publicized debates about Christianity with some of the most famous atheists and skeptics of our time. One of D'Souza's favorite venues for debates and speeches has been college campuses. During the past 20 years, he has appeared at hundreds of colleges and universities, and has spoken with hundreds of thousands of students in these live settings. In recent years he has taken on the New Atheists such as Christopher Hitchens, Peter Singer and Michael Shermer. Born in Mumbai, India, D'Souza came to U.S. as an exchange student and graduated Phi Beta Kappa from Dartmouth College in 1983. D'Souza has been named one of America's most influential conservative thinkers by the New York Times Magazine.
