His Ward By Lena Matthews

Thanks to the generosity of her guardian, Misha Turkovic, Tionne Singleton has lived a life that others only dream of. Everything good in her world, he's provided. She lives in a condo he owns, drives a car he bought, and wears clothes purchased with funds he deposits monthly into her checking account. Misha's done everything in his power to insure she wants for nothing, yet the thing she longs for most is the one thing he'll never give. Himself.

From the moment she became his ward Misha made it his life mission to protect and cherish Tionne; he has no intention of stopping now just because she's no longer a teen. Taking care of her is his pleasure, loving her his secret shame. Misha knows keeping things strictly platonic is best for all concerned, but knowing the right thing to do and doing it are two different things. Especially since Tionne seems hellbent on showing him she's not a little girl anymore.
