### **Editorial Review**

#### **Review**

"There is a reason why this book remains one of the fundamental textbooks of laboratory medicine -- it is comprehensive, simply superb, and virtually unmatched in scope and thoroughness. This book is entirely available as an electronic version on a companion website, and entirely searchable by keyword. WOW! Now this is a major, major advantage that sets this book apart from its competitors. Just think how smart you will look on rounds accompanied only by your smart phone and this book on your "favourites" list. There is a reason why this book is a must-have, and this edition is a definite must-have for anyone interested in laboratory medicine."
