Alexa had hoped never to see her husband, Giovanni de Verrazzano, again after she left him five years ago. But then he came back to Alexa, asking her to play his wife in front of his newly discovered sheikh father. Their married life was something she didn't want to return to, which is why she'd kept their son a secret from Giovanni. After he finds out about him, Giovanni insists that both his wife and his son accompany him to see his father. Will this trip be the beginning of a longer journey for Alexa and Giovanni or the last stop on the line?
