### The Singing Sword: The Dream of Eagles, Volume 2 (Camulod Chronicles)

By Jack Whyte

We know the legends: Arthur brought justice to a land that had known only cruelty and force; his father, Uther, carved a kingdom out of the chaos of the fallen Roman Empire; the sword Excalibur, drawn from stone by England's greatest king.

But legends do not tell the whole tale. Legends do not tell of the despairing Roman soldiers, abandoned by their empire, faced with the choice of fleeing back to Rome, or struggling to create a last stronghold against the barbarian onslaughts from the north and east. Legends do not tell of Arthur's great-grandfather, Publius Varrus, the warrior who marked the boundaries of a reborn empire with his own shed blood; they do not tell of Publius's wife, Luceiia, British-born and Roman-raised, whose fierce beauty burned pale next to her passion for law and honor.

With *The Camulod Chronicles*, Jack Whyte tells us what legend has forgotten: the history of blood and violence, passion and steel, out of which was forged a great sword, and a great nation. *The Singing Sword* continues the gripping epic begun in *The Skystone*: As the great night of the Dark Ages falls over Roman Britain, a lone man and woman fight to build a last stronghold of law and learning--a crude hill-fort, which one day, long after their deaths, will become a great city . . . known as Camelot.

### Editorial Review

From Publishers Weekly

A sequel to *The Skystone*, this rousing tale continues Whyte's nuts-and-bolts, nitty gritty, dirt-beneath-the-nails version of the rise of Arthurian "Camulod" and the beginning of Britain as a distinct entity. In this second installment of the *Camulod Chronicles*, Whyte focuses even more strongly on a sense of place, carefully setting his characters into their historical landscape, making this series more realistic and believable than nearly any other Arthurian epic. As the novel progresses, and the Roman Empire continues to decay, the colony of Camulod flourishes. But the lives of the colony's main characters, Gaius Publius Varrus?ironsmith, innovator and soldier?and his brother-in-law, former Roman Senator Caius Britannicus, are not trouble-free, especially when their most bitter enemy, Claudius Seneca, reappears. Through these men's journals, the novel focuses on Camulod's pains and joys, including the moral and ethical dilemmas the community faces, the joining together of the Celtic and Briton bloodlines and the births of Uther Pendragon and Caius Merlyn Britannicus. Whyte provides rich detail about the forging of superior weaponry, the breeding of horses, the training of cavalrymen, the growth of a lawmaking body within the community and the origins of the Round Table. It all adds up to a top-notch Arthurian tale forged to a sharp edge in the fires of historical realism.

### Review

"From the building blocks of history and the mortar of reality, Jack Whyte has built Arthur's world and showed us the bone beneath the flesh of legend."--Diana Gabaldon

"The very best storytellers keep their readers glued to the story with plot, character, and a keen sense of the dramatic . . . . Whyte breathes life into the Arthurian myths by weaving the reality of history into it."--Tony Hillerman

### From the Publisher

"Whyte breathes life into the Arthurian myths by weaving the reality of history into them. The first volume has left me eagerly awaiting the forthcoming sequels." --Tony Hillerman

"Perhaps not since the early 1970s, with Mary Stewart's *The Crystal Cave* and *The Hollow Hills*, have the Roman Empire and the Arthurian legends been intertwined with as much skill and authenticity." --*Publishers Weekly*

### Users Review

#### From reader reviews:

##### Joseph Cash:

Reading a reserve can be one of a lot of exercise that everyone in the world enjoys. Do you like reading book thus. There are a lot of reasons why people like it.
