### **Review**

I made the leap into "entrepreneur" and luckily for me I met some very powerful business people who told me I needed mindset tools to help me grow into the new found wealth that would come my way. The first tool that was recommended to me was this book. It was a fascinating read but it wasn't until a few years later that I understood why a millionaire would recommend it to a fledgling entrepreneur. It created the foundation for every other book I read ..and I can tell you I read a LOT of them in my quest to be the best. Fast forward to 2012 and I now own my own direct selling company and all my entrepreneur dreams have come true in ways I never imagined that day in 1988 when I first heard about Mind set stuff! Order this book..read it several times....look for the message here.....this is a case study...not some pie in the sky self improvement "secret.."it is real stuff and it works....if you learn to harness it right! amazon.com book review, Oct. 16, 2012

### **About the Author**

Max Freedom Long (1890 – 1971) was an American novelist and New Age author. In 1917, a year after graduating, he moved to the island of Hawaii to teach in elementary schools. When he arrived, he claimed that some Native Hawaiians were practicing what he called magic. Long wrote that at first he was skeptical of this magic, but later became convinced that it worked. He devoted the rest of his life to creating theories about how the Native Hawaiians did what he claimed they did, and teaching those theories through the sale of books and newsletters.
