Editorial Review

From School Library Journal

Grade 9 Up—Cassel, 17, is an anomaly as the only untalented one in a family of curse workers. While his mother, grandfather, and brothers make their living by illegally performing death curses, manipulating memories, and casting emotion charms, Cassel relies on his quick wit and con-artist skills to convince his private-school classmates that he's normal, despite bouts of sleepwalking and patchy memories of standing over a murdered friend named Lila. Nightmares about a white cat that resembles Lila, his family's ties to organized crime, and evidence of a mysterious plot against him threaten to pull Cassel into the world he's fought hard to resist. Black has written a dark coming-of-age tale with a likable hero. Teens will empathize with Cassel's desire to fit in and his occasional clashes with his family while rooting for him to unravel the conspiracy. Though readers will enjoy the fast-paced plot, there are points, particularly in the last few chapters, where the action is confusing and clarity appears sacrificed for expediency. Some secondary characters, such as Cassel's grandfather and friend Sam, are three-dimensional, while others, including his brothers and Lila, are less well realized. Despite these minor flaws, *White Cat* will appeal to readers who grew up on Holly Black's "Spiderwick Chronicles" (S & S) and are ready for something edgier.—Leah J.
